TERRIBLE TALES OF CHINESE DEVILTRY.

Wholesale Massacre of Missionaries and Converts Continues.

More Than Fifteen Thousand Native Christians Murdered—Unspeakable Tortures Inflicted on Women.

[A. P. NIGHT REPORT.]
LONDON, Sept. 12, 3:15 a. m.—[By Atlantic Cable.]
All the correspondents in China are sending ter-
rible stories of wholesale massacre of missionaries and
native Christians. It is asserted that during July be-
tween fifteen and twenty thousand converts were mas-
sacred in the northern provinces. Large numbers of
missionaries are still unaccounted for and small hope
is entertained of their escape. Native reports are sub-
ject to the most careful scrutiny, with the result that,
although there may be some exaggeration, it is impos-
sible to doubt that in the main they are correct.

The horror is intensified by confirmation of the re-
ports that the women were subjected to unspeakable
barbarities and tortures, being stripped and slowly
clubbed to death. This was one of the mildest meth-
ods. The Boxers wreaked fendish vengeance.

The newspapers are calling loudly for swift pun-
ishment. Fears are expressed lest the Russian government,
which does not encourage missionary propaganda,
should prove lukewarm in this matter.

POWERS' REPLIES.
Statements were current in the European capitals
last evening that all the powers had replied to the
Russian proposition that Great Britain and Germany
had declined to evacuate Peking; that Austria and
Italy had decided to be guided by Germany's decision,
and that the other powers had agreed to a more or less
modified withdrawal. The Paris correspondent of the
Morning Post claims to know that the allies will only
withdraw outside the walls of the capital, where they
will continue to dominate Peking in a military sense.

CONGER'S GRAVE CONCERN.
According to a news agency dispatch from Peking,
dated Aug. 31, Mr. Conger regards the situation as de-
plorable and is advising all the Americans to leave the

It is reported from Shanghai that
Gen. Yung Lu has joined the Dowager

MUST DECIDE QUICKLY.
*The Question of Withdrawing
Troops from Peking is Up
to the President.*
[A. P. NIGHT REPORT.]
WASHINGTON, Sept. 12. The ques-
tion of withdrawing the American
troops at once from Peking is now be-
fore the President and a speedy de-
cision is expected and required. There
are differences among officials in Pe-
king on this subject and the issue is
for the President to decide. The action
of the French government, as reported
by cable dispatches, in joining Russia
in order to the withdrawal of troops,
has brought about the controversy
traced upon in the capital to Russia.
The country's Chinese considerations
in their withdrawal are such a general
impression by the powers in favor of
continued occupation as to modify the
views expressed by the government of
Russia. The latter had a general agree-
ment for the continued occupation, we
shall give instructions to the com-
mander of the American forces in China
to withdraw his troops from Peking after
due conference with the other com-
manders as to the time and manner of
withdrawal.

Gen. Chaffee was made acquainted
with the attitude of the government
and was directed to hold himself in
readiness to withdraw his troops.
Undoubtedly he has conferred with
the military and naval authorities and
manner of withdrawal, according
to the terms of the note. The sending
of further supplies to him has been
stopped and he awaits but the
signal from Washington to begin his
movement. It is for the President to
give that signal.

URGENT CONSIDERATIONS.
The considerations now before him
before immediate withdrawal are, first,
the fact that he already has been
in a measure to such purpose. Second,
it is represented that China is on the
verge of a terrible famine, and the re-
sult of troops in Peking, preventing
as they do the return of the Chinese
government and the supply of provi-
sions to the capital, places the responsi-
bility for what is to be a fright-
ful famine upon the powers who sanc-
tioned the occupation. On the other
hand, strong representations have been
made to the President in opposition to
withdrawal in advance of the procure-
ment of absolutely sufficient guaran-
tees for the protection of American in-
terests in China and for the safety of
the native Christians. This last addi-
tion to the most difficult to
meet, but, being insisted upon by the
missionary element, is being given
most careful consideration.

TWO LIGERS IN THE EAST.
In anticipation of some such state
of affairs, the effort has been made to
hasten the dispatch of preliminary ne-
gotiations. It is highly desirable that
some responsible representative of the
Chinese government be recognized in
order that we may secure a sufficient

RUSSIA MAKES A SCOOP.
*Imperial University Funds
Confiscated As Part
of Indemnity.*
[A. P. DAY REPORT.]
PEKING, September 5.—[By
Atlantic Cable. Delayed in
Transmission.] The Russo-
Chinese Bank, which, as an-
nounced yesterday, closed
here today and removed to
Shanghai, will confiscate, as
part of the indemnity to be
paid to Russia, the Imperial
University fund of five mil-
lion taels deposited with it,
against which the Chinese
draw for the payment of their
troops.

NERVE-RACKING WORK.
Efforts were made this afternoon to
pick up the dead bodies that have
floated in with the tide, having once
been cast into the sea. This is awful
work, and few men are found with
sufficiently strong nerves to last at it
more than thirty minutes at a time.
All of the bodies are badly decom-
posed, swollen to enormous propor-
tions, and of so dark a color that it is
impossible to tell, except by the hair,
whether the corpses are those of whites
or of negroes.
Gen. McKibben, U.S.A., and Adjt.-
Gen. Scoury arrived last night and
have assumed the charge of the
city, with the result that conditions
have very much improved as far as
method in the disposition of supplies
and work is concerned. Gen. McKibben
represents the government in a gen-
eral way, but has not assumed direct
charge of the city, which is under the
command of Adjt.-Gen. Scoury.

WANT PEOPLE TO LEAVE.
Every effort is being made to induce
people to leave Galveston, and it is
difficult for any one, no matter what
his business, unless he is in direct
charge of a relief train, to gain admis-
sion to the place.
Hundreds of people left Houston to-
day for Galveston, but could not get
further than Texas City, which is on
the north side of Galveston Bay, and
there they were compelled to remain
until the train brought them back to
Houston. No provision, no sum of
money, would induce the guards to
pass them into the stricken city. Or-
ders had been issued that no negroes
were to be allowed, and the order was
obeyed rigidly.
It will be at least a week before
there is full and free communication
with Galveston, but matters are now
steadily progressing toward a solution
of the problems that confront the Re-
lief Committee.
One train which arrived in Houston
at 5 o'clock this evening carried 800
women and children; another at 10
o'clock carried twice as many women,
and it is expected that fully 2000 women
and children will be out of the place
by tomorrow night.
Mayor Jones estimates that there are
at least 1000 of these helpless ones who
should be taken from Galveston at the
earliest possible moment. They are all
apparently anxious to get away and
will be handled as rapidly as possible.
MORE SUPPLIES IN.
Another trainload of provisions and
clothing, making the third within the
last week, came from Austin, arrived in Gal-
veston tonight.
The steamer Charlotte Allen arrived
at noon from Houston with 10,000
bushels of bread and other provisions.
The amount of food and other supplies
sent so far has been large, but there
are still in the neighborhood of 50,000
to be cared for from the island.

TEN THOUSAND DEAD—PESTILENCE FEARED.

Safety of the Living Now the Paramount Question at Galveston.

Exact Number of Victims Will Never Be Known—Country Responding Nobly to the Call for Aid.

[A. P. NIGHT REPORT.]
GALVESTON (Tex.), Sept. 12, 8 p. m.
Jumps at burying the dead
bodies are now being disposed
of in a most efficient manner.
Scores of them were
buried today and hundreds were taken
out to sea and thrown overboard. The
safety of the living is now the para-
mount question and nothing that may
tend to prevent the outbreak of pesti-
lence is being neglected. This morning
it was found that large numbers of
bodies which had previously been
thrown into the bay washed back upon
the shore and the situation was thus
rendered worse than before they were
first taken into the barges and thrown
into the water.
ESTIMATES OF DEAD.
It will now never be known how
many lost their lives in this awful
catastrophe. Mayor Jones of Galveston
thinks that the dead will amount to
7000 and others whose opportunities for
judging are less than that of the
Mayor place it as high as 10,000.
Relief committees from the interior
of the State have commenced to ar-
rive, and as usual they are too large
in numbers, and to a certain extent
are in the way of the people of Galveston,
and an impediment to the prompt
relief which they themselves are so
desirous of offering. Some of the re-
lief expeditions have had committees
large enough to consume all the com-
modities of the provisions which they brought.

PROVISIONS ARRIVE.
The relief train from Houston, Tex.,
arrived this morning, and was dis-
tributed as fast as possible. It con-
sisted of two cars, one of food and pro-
visions. The great trouble now seems
to be that those people who are in
greatest need are the last to receive
aid. Many of them are so badly
wounded and weakened that they are
unable to apply to the relief commit-
tees, and the committees are so over-
whelmed by direct applications that
they have been unable to send out mes-
sengers.
DIRE NEED OF WOUNDED.
The wounded everywhere are still
needing the attention of physicians, and
despite every effort, it is feared that
a number will die because of sheer im-
possibility to afford them the aid nec-
essary to save their lives. Every man
in Galveston who is able to walk and
work is engaged in the work of relief
with all the energy of which he is ca-
pable. But despite their utmost en-
deavors they cannot keep up with the
increase of the miserable conditions
which surround them. Water can be
obtained by able-bodied men, but with
great difficulty. Dr. Shaw of Houston,
who is busily engaged in the relief
work, said tonight that there were 200
at St. Mary's infirmary without
water. They have been making coffee
of salt water, and using that as their
only beverage.

LITTLE LAWLESSNESS.
Very little lawlessness was reported
today, and there were no killings. The
number of men shot yesterday for rob-
bing the dead proved a salutary les-
son, and it is not expected that there
will be any more occurrences of this
sort. The soldiers of the regular army
and of the National Guard are guard-
ing the property, and it is impossible
for thieves to make a sweep of the
bodies.

DEAD SOLDIERS.
The loss of life among the regular
army stationed at the barracks on the
beach was largely overestimated. The
first report was that only eighteen out
of the whole number had been killed.
Last night and today they turned up
singly and in squads, and at present
there are but twenty-seven missing,
whereas, the first estimate of casual-
ties in this direction was nearly 200.
It is probable that some of the twenty-
seven will answer roll call later in
the week. One soldier reached this
city this morning, who has been
blown into the Gulf of Mexico, and
had floated nearly fifty miles, going
and coming, on a door. Another who
showed up today declared that he owed
his life to a cow. It swam with him
nearly three miles. The cow then sank
and the soldier swam the remainder
of the way to the mainland.

FLOOD OF CONTRIBUTIONS.
During the day the contributions
have fairly deluged the Governor, more
than \$100,000 having been received.
Among the large contributors are to
be noted the Standard Oil Company,
with \$10,000; the St. Louis Commercial
Club for a like amount, and the
Huntington interests for \$5000.

This afternoon Gov. Sayers received
the following official report from Gen-
eral Manager Trice of the International
and Great Northern Railway, who is
conducting the operations of the relief
corps at Galveston:
EXODUS FROM GALVESTON.
"HOUSTON (Tex.), Sept. 12.—The
cars containing the tents and rations
were turned over to the barge line this
morning and forwarded to Galveston,
arrangements here having been made
for all freight to be handled by barges
and hauled by tugs from Clinton to Galves-
ton, and passengers by our line to
Texas City and by boats from Texas
City to Galveston. We brought in one
train consisting of about three hun-
dred Galveston people today, and will
get another trainload in by tonight,
mostly women and children, which will
make about six hundred that we will
get out of Galveston today. The pas-
senger and freight service between
Houston and Galveston is all free for
efficiency, and we are losing trans-
portation to all points north of Hous-
ton to all sufferers not able to pay their
way."

The following report was also re-
ceived from Adjt.-Gen. Scoury:
"GALVESTON (Tex.), Sept. 12.—The
Mayor of Houston ordered the Houston
military companies here; fifty-five men
and officers came; thirty more came
tomorrow. The Mayor of Galveston

Collapse of Boer Resistance to
England—Botha About
to Surrender.

LORENZO MARQUEZ, Sept. 12.—(By East African Cable.) President Kruger and several Transvaal Boers are staying at the house of Mr. Pot, the consul of the Netherlands here. It is reported that they will sail for Europe, September 24 on the German Steamer Herzog.

COMPLETE COLLAPSE.
WASHINGTON, Sept. 12.—The following dispatch has been received by the War Department from the United States army officer who accompanied the Boers in their campaign as military observers:

LORENZO MARQUEZ, Sept. 12.—Boers have required the departure of the situation from the Transvaal. Request instructions.

REICHMAN.
This message is interpreted to mean the complete collapse of the Boer resistance to England.

EARLY END OF WAR.
LONDON, Sept. 12.—The flight of President Kruger from what is now designated as the Vaal River Colony and his arrival last night at Lorenzo Marquez, as called to the Associated Press this morning, is regarded here as indicative of an early end of the hostilities in South Africa.

Another message from Lorenzo Marquez says the Transvaal State officials accompanied President Kruger into Portuguese territory. Significant also, although it is unconfirmed, is the announcement that Gen. Botha, the Boer commander-in-chief, is making overtures to surrender, and the question whether the Burghers will now follow the usual course of beaten armies and lay down their arms, or formally declare in favor of guerrilla warfare must be speedily settled. It is, however, believed here that President Kruger's action deprives the Boers of their main pretext for remaining in the field.

PRISONERS AT PRETORIA.

SOME WERE RAPIDLY TREATED.
LONDON, Sept. 12.—(By Atlantic Cable.) The British War Office has issued a long report from Lord Roberts on the treatment of British prisoners of war at Pretoria. The report states that the treatment of the prisoners was fair, but that the food of the men was quite inadequate and of inferior quality. The report also states that the treatment of the prisoners was fair, but that the food of the men was quite inadequate and of inferior quality.

IN DANGER OF STARVATION.
CAPE TOWN, Sept. 12.—(By South African Cable.) In the Cape House of Assembly, yesterday the Premier, Sir John Gordon Spry, replying to a question concerning the fate of refugees who had not been permitted to return to their occupations, said that if charitable funds failed the government would see to it that the refugees did not starve.

DISTRESS IS SERIOUS.

LONDON, Sept. 12.—The Cape Town correspondent of the Daily Mail, referring to the question put in the House of Assembly to Sir John Gordon Spry regarding the refugees, says:

"The distress among them is very serious. Large numbers, mostly women, are living in caves on the sides of Table Mountain, owing to their inability to find work."

FRUITS OF VICTORY.

MINERALS WOULD BE WASTED.
LONDON, Sept. 12.—(By Atlantic Cable.) Joseph Chamberlain, Secretary of State for the Colonies, in the form of a letter to the Daily Mail, has announced that he has decided to grant a concession to the Transvaal for the exploitation of the coal fields in the Transvaal.

PERMISSIONS FOR CALIFORNIANS.

WASHINGTON, Sept. 12.—(By United States Cable.) Permission was granted to Californians today as follows: Original—Charles Foust, Los Angeles, 12. Additional—Samuel A. McCurdy, Soldiers Home, Los Angeles, 12. Residence—John A. McCurdy, Los Angeles, 12. Re-appeal—Anson J. Munson, Los Angeles, 12.

MINSTRELS IN A WRECK.

Nine of Duncan Clark's Female
Troupe Killed and Six
Others Injured.

MEMPHIS (Press-Scimitar).—A special to the Commercial Appeal, from Cairo, Ill., says the special car of Duncan Clark's female minstrel troupe was wrecked at Mounds this afternoon, and of sixteen occupants nine are now dead and six others are seriously injured, some of them perhaps fatally.

THE DEAD ARE:

ALICE WILLIAMS,
OLIVER FRIGER,
PATRICK PATTERSON,
MARGARITA COMPELLA,
ANNA BELLA,
RETTA RUBY,
KITTY HOWARD,
FAITH HAMILTON.

SERIOUSLY INJURED:

CHARLES L. LAMOTHE,
MAY MARTIN,
OTIS WELLS,
ETHEL CLARK.

The injured are all in the hospital here. Patrick Patterson, the only man who was killed, was struck by the switch stand. Ethel Clark, his wife, was severely injured, a large piece of wood being driven through her right shoulder.

REICHMAN.

The compound to which it is due is identical with the Maledonian Principle of Asmetia.

[Chamberlain Journal]. It is interesting to make inquiry into the cause of this unfortunate quality of the onion. It is simply due to the presence in some quality of the onion of a certain substance called sulphur. It is this sulphur that gives the onion its pungent and medicinal quality. It is a very useful medicinal agent at all times, but especially in the spring, when used to be used still in many places—the season for taking brimstone and treacle in old-fashioned homes before sulphur takes came into vogue.

Now, sulphur, when united to hydrogen, forms a gas of water, forms a sulphurated hydrogen and then becomes a foul-smelling, well-nigh a feld, compound, the color of which is a very large percentage of water in its tissues, and this, combining with the sulphur, forms the substance called sulphur of allyls, which is found in all the allium family of the onion; it is identical with the sulphur of allyls found in asafetida, which is almost the symbol of all smells that are nasty. The pungent and medicinal quality of the onion is due to the presence of this sulphur of allyls, which gives them heat and acridity, but not an offensive odor, owing to the different arrangement of the atoms in their volatile oils.

This brings us to a most curious fact in nature, that most strongly, yet most certainly constructs all vegetable with oils and fats, and these oils and fats are composed of them all, whether they are the aromatic essences of cloves, oranges, lemons, cherries, roses, verbena, turpentine or onion, of exactly the same proportions, which are of carbon to hydrogen and oxygen, obtains all the vast seeming diversities that our nostrils detect in their scent, except by a different arrangement of the atoms in each vegetable oil. Oxygen atoms some of the hydro-carbons; sulphur others.

WOMEN OF MOROCCO.

They are Mostly Domesticated Animals and Perform the Hard Work of the Country.

[Boston Advertiser.] Morocco is a paradise for a woman hater. He who has been scurried served by the unfair sex may share find him for his bruised and aching muscles, and his weary soul, that the women of Morocco are as much to lack of proper food, medicine and accommodations and the neglect of ordinary sanitary provisions.

STOCKTON, Sept. 12.—The facts surrounding the death of J. W. Mahoney of San Francisco, who was found dead near the Southern Pacific Railroad track four miles from Tracy Monday, are just as inconclusive today in explanation of the mystery as they were yesterday. Whether the man was murdered or accidentally killed, the officers here are unable to say.

cast with heavy and broken clouds,
but no rain at 10 p.m.

At Sacramento.

SACRAMENTO, Sept. 12.—It is
cloudy tonight, with strong southerly
wind and sheet lightning. No rain as
yet, but it will probably come before
morning.

At Chico.

CHICO, Sept. 12.—The first rain of
the season fell tonight. Only .01 of an
inch fell, but the indications are that
more will follow. Many tons of dry-
ing fruit are exposed.

At Salinas.

SALINAS, Sept. 12.—Rain has been
falling here all afternoon, though
lightly. Reports from outside districts
show heavy showers, especially in Cor-
ral de Terreno. Much hay and straw
will be damaged. Indications point to
continued rain tonight.

At Stockton.

the other accoutrements that were

UNIVERSITY'S PURCHASE.

TO TURN OUT A GIFT.
SAN FRANCISCO, Sept. 12.—At a
meeting of the University of California
today it was decided to purchase the
Hearst estate adjacent to the University
for the proposed gymnasium and
athletic grounds. The purchase price
is understood to be about \$150,000. The
property comprises about 100 acres of
land, and is situated on the corner of
the University of California.

POOLROOM DECISION.

COURT UPHOLDS OFFICIALS.
SACRAMENTO, Sept. 12.—Judge E. C.
Hart today rendered a decision in the
petition of the Sacramento Club for a
writ of habeas corpus to release a man
known as "Chief of Police Sullivan" from
the jail. The decision was in favor of the
club, and the man was released.

SCAFFOLDING FELL.

ONE WORKMAN IS KILLED.
SAN FRANCISCO, Sept. 12.—A. D.
Tosier, a workman in the employ of
the Pacific Roofing and Refining Com-
pany, was killed and W. C. Cleary was
injured as a result of an accident at
sixteenth and Mission streets to-
day.

Clearing was at work on a large scaffold-
ing building, while Tosier was on a
ladder below him. The scaffolding
fell and struck Tosier, knocking
him to the ground. Cleary was struck
by the scaffold and died almost in-
stantly.

SAN JOAQUIN CROPS.

BIG YIELD OF VEGETABLES.
STOCKTON, Sept. 12.—The big crops
of San Joaquin county this year have
been confined to almonds and vegeta-
bles, potatoes in the latter class do-

IT WAS JOLLY.
Local Pythians' Detroit Experience.
Los Angeles Had the Town by the Ears.

Returning Members of the Uniform Rank Tell a Tale of Enthusiasm.
Capt. G. S. Adolph of the Uniform Rank, Knights of Pythias, returned from Detroit, Mich., last night. He gave a graphic account of the great excitement and speaks glowingly of the swart cut by the California contingent—and particularly by the Los Angeles company.

The camp was located on the outskirts of Detroit. It consisted of 15,000 men and extended for a distance of a mile and a half. The sessions of the Grand Lodge were held in Masonic Temple in Detroit, and the camp was, consequently, a separate and distinct feature, each State having regimental headquarters, and many of the days spent there were one continuous whirl of pleasure. Mr. Adolph tells with justifiable pride of the success that followed their unequalled triumph. They won first prize, \$200, for the company traveling the greatest distance. Their closest competitor was Nova Scotia, but the distance in favor of Los Angeles was almost a thousand miles. They next won first prize for proficiency in drill for companies that had never before entered the competition. Their third triumph was the winning of first prize in ritualistic work, this having been accomplished over the heads of Canada's famous company from Indiana, which had formerly been looked upon as invincible. The final triumph for Los Angeles was the winning by Capt. James G. Scarborough of the Blue Diamond Jewel as the most popular captain.

The Los Angeles company was organized by J. R. Adolph five years ago, and at Detroit consisted of thirty-eight men. They adopted a uniform distinct from other companies in wearing brown leggings and campaign hats instead of fatigue caps. Across the front of the hats embroidered in silver was the inscription: "Los Angeles, Cal., Co. 25." The company is made up from the four lodges of the city.

Having won all these personal triumphs they joined hands with San Francisco and by their united efforts secured for the latter city the biennial meeting of the Supreme Lodge for 1907. (The social feature of the order) which announced their sessions to be held at the same place.

The California delegation had taken with them a carload of literature and palm leaves from this point and a carload of fruits and wines from San Francisco, and on Friday night they gave a reception to the entire camp. Their large regimental flag, which had been specially made in Detroit, they embroidered in enormous palm leaves. So great was the admiration for these things that they were all sold at once and each being served with wine, peaches, pears and an armload of souvenirs.

THE PUBLIC SERVICE IN THE OFFICES AND COURTS.

SUMMARY OF THE DAY.

The expected fight over the franchise Company's application for the franchise to build a new street car line in the city has been postponed until the adjournment of the Council on the 15th inst. Councilman Vetter last night declared that he would vote in favor of the Echo Park franchise, provided that the other franchise applications were not considered.

No action was taken by the Board of Police Commissioners yesterday, but the reasons that in most cases the private police have already been removed from the saloons. The commissioners put in most of the day visiting saloons and making inspections.

The Fire Commission passed a resolution yesterday recommending that more firemen be used with reference to the saloons of contractors with the city.

George Banas, the sewer contractor, is being sued by his wife, Della M. Banas, for a divorce. She says that he has been atrociously cruel to her.

The Associated Charities declare that C. E. Graves, a Russian by birth, is the man who ran up against Special Officer Foster in the Bonnie Street case last Tuesday.

At the City Hall, the Board of Police Commissioners met at 10 o'clock yesterday morning to consider the application for a license to sell liquor in the city.

There was no session of the Council yesterday morning. There is a well-defined opinion among members of the city's legislative body that the league man is turning out the means of the franchise fight.

It had been expected that the Tracoma Company's application for three franchises to form a continuous route from Eleventh and Hoover streets to Echo Park by way of Eleventh, Santa Anita, Broadway, California, and other streets, would come before the Council for hearing on the report of the Board of Public Works.

When the time for the Council to convene arrived, only five members were in evidence. President Silver is away on his vacation, and he was not expected to be here.

Councilman Todd made a little speech, in which he said that he was not in favor of the franchise fight, and that he was in favor of the Echo Park franchise.

Those who are most active in support of the franchise fight are Councilmen Silver, Vetter, Pierce, and Todd. They are the ones who are most active in support of the franchise fight.

The report of the Board of Public Works, as originally drafted, opposed the granting of a franchise to the Tracoma Company, and favored postponement pending the next session of the State Legislature.

(AT THE COURTHOUSE) HONEYMOON SOON SET.

Matrimony of a Few Months Now Goes Begging to the Divorce Court.

George Banas, the sewer contractor, is being sued by his wife, Della M. Banas, for a divorce. She says that he has been atrociously cruel to her.

They were married in this city only last July—the 25th day—and immediately upon the wedding of the honeymoon, says the wife, her spouse began calling her demit-monde names and accusing her of infidelity.

Questions of Law.

The question is asked by J. C. Wells, of the Los Angeles bar, "Can a man who has been married, and who has a living wife, marry again, and if so, under what circumstances?"

It is well known that a man who has been married, and who has a living wife, cannot marry again, unless he has been divorced from his first wife, or unless she has died.

But the question is asked, "Can a man who has been married, and who has a living wife, marry again, and if so, under what circumstances?"

Pears'

What is wanted of soap for the skin is to wash it clean and not hurt it. Pure soap does that. This is why we want pure soap; and when we say pure, we mean without alkali.

Pears' is pure; no free alkali. There are a thousand virtues of soap; this one is enough. You can trust a soap that has no biting alkali in it.

All sorts of stores sell it, especially drugists; all sorts of people use it.

"BENT ALMOST DOUBLE."

Unfortunates With Twisted Minds Arrested in This City Yesterday.

Two of the quaintest characters of the town were arrested yesterday for insanity. One is the old man who walks along the streets bent almost double, as though from rheumatism. He looks thin and ill, and his aged face always wears an expression of direct unhappiness. His name is John Driller.

Yesterday he was found under a house on Hill street, barefooted and in rags. He thought he was building a house, and the officers were attracted by hearing him shout directions to imaginary workmen, to bring things into plumb, to hurry up with tools, etc. There appeared to be a big gang under him.

Driller has lived here for many years. At one time, it is said, he was well off, but lost everything in the boom. He is now in destitute circumstances. The other man arrested was old George Walker, who for a number of years has been moaning at the window of the building at the corner of Commercial and Los Angeles streets, at the head of the "Street of the Murderers." He sleeps there at night, and drowns there most of the day. Else he manages to live in a mystery which only the tenderloin can solve.

Walker has a most comfortable sort of delusion. He believes himself to be the owner of the building in which he lives. He has a most comfortable sort of delusion. He believes himself to be the owner of the building in which he lives. He has a most comfortable sort of delusion. He believes himself to be the owner of the building in which he lives.

He was arrested for vagrancy, but the charge was afterward changed to insanity. It is doubtful if either will be sent to the asylum. They are considered gentle harmless. Driller has been arrested a number of times on the same charge.

A WOMAN'S DELUSION. Mrs. Goujon, a woman fraught with troubles, was arrested in a case of violent insanity at her home, No. 627 South Olive street, yesterday morning by Humane Officer Craig and Officer Fowles.

She was at first locked in the jail, but during the afternoon was sent to the County Hospital to await examination before a lunacy commission. The unfortunate woman fancies that a band of doctors and detectives are persecuting her. She says the sleuths sneaking have come over from Scotland Yard and from France and are now hunting her constantly. The doctors, she says, come into her house in spite of all she can do, and put her astral self under a microscope. She is forced to absorb all the trouble of the person into whose body she has been cast.

"Oh, I have so many troubles," she says. "They make me go into fits or seven people every day." She attempted to put a cork into the difficulty yesterday by smashing a rabbit pen in the yard.

Mrs. Goujon is about 40 years old, and is afflicted with a terrible skin disease. The itching drives her to a frenzy. She has torn the flesh of her arms with her finger nails.

[Philadelphia Press:] (OM Lady, sternly!) Is there a bar attached to this hotel young man? (Summer Hotel Clerk:) No, ma'am, but we can send out and get you anything you want.

CATARRH Catarrh has become such a common disease that a person entirely free from this disgusting complaint is seldom met with. It is customary to speak of Catarrh as nothing more serious than a bad cold, a simple inflammation of the nose and throat. It is, in fact, a complicated and very dangerous disease; if not at first, it very soon becomes so.

Absolutely Free

Dr. Sanden's Electric Belt.

What fair-minded person can ask more than what I here freely offer to any and all earnest seekers after health, my latest and most improved belt on four months' free trial in which I include my advice and counsel, which, as you know, is the ripened experience of over thirty years' active practice, during which time, I have cured thousands of cases which had been given up as hopeless by the most eminent physicians. To convince one and all of my sincerity and ability to benefit you I make the following offer which you will note does not cost you one cent unless after the four months' use of my belt and appliances you are thoroughly convinced and satisfied as to the good results.

My Offer. That I give my best made patented belt of latest model absolutely on four months' trial to any earnest seeker after health. I do not require one cent deposit or any guarantee whatever, except as to the person's earnestness. An offer of this nature has never before been made by any living concern, because none dare do so, but my belt and appliances, having stood the test for over thirty years are so absolutely positive in their results that I take pleasure in making this bonafide straightforward offer.

...WEAKNESSES OF MEN... I will give \$1,000 for an Electric Belt superior to mine. With its new scientific, suppuratory attachment, a pleasant current passes through the weakened parts all night. It cures, while you sleep, such disorders as result from youthful errors and later excesses. 8000 Cures in 1899. Used by Women as well, for Rheumatism, Lame Back, Nervousness, Etc. We are the oldest and largest makers of Electrical appliances in the world. I have cured thousands of cases which had been given up as hopeless by the most eminent physicians. To convince one and all of my sincerity and ability to benefit you I make the following offer which you will note does not cost you one cent unless after the four months' use of my belt and appliances you are thoroughly convinced and satisfied as to the good results.

PASADENA. office and waiting-room. Two store-rooms will be on Fair Oaks street, and adjoining them on the south will be the entrance to the upstairs office, which will be forty-two, made readily accessible by an electric elevator and a spacious stairway. The building will be of steel and brick construction, and will be as nearly fireproof as possible. The interior finish will be oak, while the corridors and hallways will have tile floors and marble wainscoting. A steam-heating plant will be installed, and the building will be equipped with fire escapes and fire plugs and hose for use in emergency cases. The cost of the building is estimated at \$200,000.

Morphine Fiend's Heavy Penalty. Adjoining the Dodworth block on the west, the Ward estate will erect a two-story \$100,000 building, with a frontage of sixty feet on Colorado street. The same estate has just completed a \$200,000 building on Fair Oaks street, just south of the proposed Dodworth block.

Picture Frenchman Steals Grapes. A Frenchman, who was arrested last night by the police, was charged with stealing a bunch of grapes from a vineyard in the Dodworth block. The man, who is named Jean Baptiste, was arrested by the police while he was in the act of stealing the grapes. He was charged with the crime and is being held in the city jail.
